## PROFILE

I'm TAMIZHSELVI R, currently pursuing my B.E CSE degree final year in ANNA UNIVERSITY. I started to learn programming on my own at the age of 19 and still learning to craft myself as a Full Stack Developer. And started crafting professional landing pages and personal portfolio websites as a freelance service with a strong urge to learn something new by exploring the digital development.

## WORK EXPERIENCE

### still gaining

2022-2023

- I create some basic websites to improve my web developing skills.
- I create a new web based projects in my college internships.
